

iPad Fact Sheet

iPad Specifications

You are borrowing an iPad Pro running the most current version of the Apple's iOS. This device has 128 GB of internal storage and is equipped with Wi-Fi and Bluetooth. The device is registered on the campus wireless network (puwireless). The Library also provides: an Apple Pencil, iPad power adapter, and a carrying case.

iPad Content

The iPad is preconfigured with Apple's standard applications (apps) along with a selection of apps selected by the library. Library selected apps are available to download via the Self-Service App. The apps have been selected for their productivity, exploration, and educational potential.

Personal Data and Security

Your privacy and security are important to us. We will erase all settings and content on the iPads upon their return. This means you must save any personal data or documents to an external storage source. In the unfortunate event that a borrowed iPad is lost or stolen, Library staff have the ability to wipe the device remotely. It is therefore in your best interest to contact us *immediately*, if such an event occurs.

Purchasing Your Own Apps and Media

To purchase apps you must use your personal Apple/iTunes account. Please do not store your credit card information on the device. We recommend that you sign out of your Apple/iTunes account after each purchase: select the App Store and tap sign out.

iPad Renewal

You may renew the iPad once, if no-one else has placed a hold on it. You may renew it by logging into your library account at https://pulsearch.princeton.edu/users/sign_in. If you have questions about the iPad contact us by email at pulipad@princeton.edu.

Remember to return the iPad to a staff member at the library from which you checked it out!
